Electronic transformer HTM150/230-240 Type of transformer electronic transformer, safety transformer, input voltage 230 ... 240V, output voltage 11.4 ... 11.5V, power 50 ... 150W, trailing edge dimming, leading edge dimming, protection class (NEMA) 1, connection type secondary side screw connection, structure, installation, housing material plastic, color gray, dimmable, short-circuit-proof, overload protection, overtemperature protection, with secondary circuit breaker, number of tap-off points (pairs) 6, length 153mm, width 54mm, height 36mm, protection class (IP) IP20, product family advantages: Very low power loss due to high efficiency. Strain relief suitable for different cable types (HTM). Suitable for installation where space is critical thanks to its compact, functional design. Extremely compact transformer for very space-critical installation conditions (HTN). Lamp-friendly operation in the entire partial load range for a long lamp life. Product family features: Mains frequency: 50...60 Hz. Radio interference suppression: according to EN 55015 (A1: 2007)/CISPR 15, EN 55022. Mains current harmonics according to EN 61000-3-2. Interference immunity according to EN 61547. Safety: according to EN 61347. Short-circuit protection, overload protection, excess temperature protection: electronically reversible. Galvanic isolation between primary and secondary side. Energy efficiency: = 91% (according to ErP regulation 2012/1194/EC). Dimmable via leading edge (without HTN) and trailing edge. Areas of application: effect and accent lighting. living areas. object lighting. meeting rooms. restaurants. Furniture built-in and furniture mounted lights. shop lighting. function rooms.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
