Equipotential bonding rail 217mm Ms 1801 VDE design Modular construction, version with cover, insulator, height 68.5mm, width 63mm, length 217mm, total number of connections round conductor 0, number of connections round conductor 8 mm 0, number of connections round conductor 10 mm 0, number of connections round cable 8-10 mm 0, number of connections flat cable up to 30 mm 1, number of connections flat cable up to 40 mm 0, number of connections cable up to 6 mm² rigid 0, number of connections cable up to 16 mm² rigid 0, number of connections Cable up to 25 mm² rigid 7, number of connections Cable up to 95 mm² rigid 2, material of the contact bar brass, surface of the contact bar nickel-plated, material of the clamp steel, surface of the clamp galvanically/electrolytically galvanized, equipotential bonding bar according to VDE 0618, part 1 suitable for the Equipotential bonding according to DIN VDE 0100-410/-540 and lightning protection equipotential bonding according to DIN VDE 0185-305. The 10 x 10 mm terminal rail is made of nickel-plated brass, the safe-contact terminal blocks are made of galvanized steel, the cover and the rail brackets are made of gray polystyrene. The cover hood can be sealed / labeled. The potential equalization rail is capable of carrying lightning currents of up to 100 kA (10/350) and has a clamping bracket with a screw lock to prevent it working loose (e.g. required in industrial areas). The connection options: 7 solid or stranded lines 2.5-25 mm² or fine-stranded lines up to 16 mm² (max. Ø 7 mm), 2 solid or stranded lines 25-95 mm² or fine-stranded lines up to 70 mm² (max. Ø 13.5 mm) and 1 flat conductor 30 x 3.5 mm.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
